\* Most notably, they include Anne Tsui, Tom Lee, Sara Ryser, Duane Ireland, Peter Hamberger, and Mike Pratt.

\* A complete list of previous editorials is provided on the AMJ website under "Author Resources" (<http://journals.sagepub.com/online/author-resources.html>).

editorials that show AMJ as a community of scholars collectively interested in advancing management research. I hope to share with you some of our conversation and experiences making sense of and creating an identity for ourselves as visible qualitative researchers. I have been doing qualitative research since early in my doctoral program. I was fortunate to have had mentors who were not only actively engaged in qualitative research but also willing to share their expertise and even provide a safe space of advice on what I had studied and had the freedom to explore. I also received a lot of support from my colleagues who were also doing qualitative research. I was fortunate to have had mentors who were not only actively engaged in qualitative research but also willing to share their expertise and even provide a safe space of advice on what I had studied and had the freedom to explore.
