ASIAN INTERNATIONAL JOURNAL OF SCIENCE AND TECHNOLOGY

in Production and Manufacturing Engineering

Vol.3, No.2, APRIL - JUNE 2010 ISSN : 1906 - 151X

Contents

- 1 **The Development of People's Science, Technology and Engineering Potentiality by Using Integrated Learning System on Technical English for Communication in Careers**
Poungnoi P., Kaewsai N., Lerkbangplad S., Setobol B. – Thailand
- 7 **Systematic Design of a Pistachio Hulling Machine**
Khodabakhshian R., Bayati M.R., Shakeri M., Khojastepour M. – Iran
- 15 **Optimal Maintenance Time Based on Cost Minimization for Mechanical Equipment**
Talabgaew S. – Thailand
- 23 **Production Improvement of an Agriculture Engine Part under Hot Closed Dies Forging Using Finite Volume Method**
Suranuntchai S., Kritboonyarit P. – Thailand
- 29 **Modeling Energy Consumption and CO₂ Emissions in Thailand's Manufacturing Sector**
Phdungsilp A., Wuttipornpun T. – Thailand
- 37 **Expert user-centred design, a cooperative product development approach**
Rasoulifar R., Thomann G., Villeuneuve F. – France
- 49 **Welding Joint Analysis using FEM together with Physical Experiment for a Bus Body Structure based on the Standard No.1**
Kumket B., Jongprasithphon S., Butdee S. – Thailand
- 57 **Analysis of Microstructure in Soft Zone and Precipitation Zone of Dissimilar Cr-Mo Steels Weldment**
Sae-teaw N., Poopat B., Phung-on I., Chairuangstri T. – Thailand
- 65 **Reducing Machining Downtime in Head Gimbal Assembly Industry**
Temsuwanpanich P., Kengpol A. – Thailand
- 77 **A Comparative Study on Journey of Lean Manufacturing Implementation**
Anvari A.R., Norzima Z., Rosnah M.Y., Hojjati S.M.H., Ismail Y. – Iran & Malaysia
