Vol.4, No.4, OCTOBER - DECEMBER 2011 ISSN : 1906-151x

GUEST EDITORS : ANAN SUEBSOMRAN

"Advanced Mechatronics and Automation in Manufacturing System"

Contents

- 1 **Shape Memory Alloy Micro-Actuator for Handling of Head Gimbal Assembly**
Prapaiyakhun K., Pimpin A. and Srituravanich W.- Thailand
- 9 **Intelligent and Robust Control of Dual Stage Actuator Arm using GA based Fixed Structure Robust Loop Shaping Control**
Kaitwanidvilai S. and Nath A.- Thailand
- 17 **Eigenvalue Trajectory and the Space Curvature Adaptation on Improving Tactile Recognition Process**
Petchartee S., Suebsomran A. and Gareth M.- Germany & Thailand
- 25 **The Locomotion of Micro Capsule Robot Driven by Impulse on Inclined Plane**
Phunopas A., Ito T., Kito Y., Ishimori S. and Hayashi T.- Japan
- 35 **A Development of Embedded System for Speed Control of Hydraulic Motor**
Pornjit P., Watcharin P., Kwanchai S. and Surachet S.- Thailand
- 41 **Design and Manufacturing of Microneedles Toward Sustainable Products**
Museau M., Butdee S. and Vignat F.- France-Thailand
- 53 **Effect of Winding Formats on Impact Resistance of Fiberglass Tank**
Ieamsupapong S. and Phaisalpanumas P.- Thailand
- 61 **A New Approach to Cluster Visualization Methods Based on Self-Organizing Maps**
Marcin Z., Johannes F. and Wolfgang B.- Germany
- 69 **PCA Based Handwritten Character Recognition System Using Support Vector Machine & Neural Network**
Ravi Sheth., N C Chauhan., Mahesh M Goyani and Kinjal A Mehta - India
- 77 **Optimizing of Interval Type-2 Fuzzy Logic Systems Using Hybrid Heuristic Algorithm Evaluated by Classification**
Adisak S. and Phayung M. - Thailand
