## Contents

---

- 1 **Experimental Investigations on Machining of Silica Tiles using Acoustic Emission Technique**  
*Kuppan P., Nadadur Veeraraghavan Srikanth and Xavier Arockia Raj – India*
- 13 **Life Cycle Assessment Studies of Jatropha (*Jatropha curcas*) Biodiesel Production Processed by In-situ Transesterification Method**  
*Nazir N., Mangunwidjaja D., Yarmo MA. and Malakul P. – Indonesia, Malaysia & Thailand*
- 21 **Study of Solid state Phase Transformation in Duplex Stainless Steel Weld Metal by using Induction End heating technique**  
*Phung-on I., Mounjan P., Seenawat M. and Phuraya N. – Thailand*
- 27 **Development of an Effective Cost Management Method for Malaysian SMEs**  
*Deros B.M., Rahman N., Zainal N.H., Rahman M.N.A. and Ismail A.R. – Malaysia*
- 33 **Finite Element Analysis for Thermoforming Process of Starch/ Biodegradable Polyester Blend**  
*Thongwichean T., Phalakornkule C. and Chaikittiratana A. – Thailand*
- 39 **Repair Ability of Incoloy 800 in Vent Gas Wash Tower Pipe System**  
*Poopat B. and Warinsiriruk E. – Thailand*
- 45 **The Knowledge Based System for Forging Process Design based on Case-Based Reasoning and Finite Element Method**  
*Numthong C. and Butdee S. – Thailand*
- 55 **Design of a Decision Support System on Selection of Multimodal Transportation with Environmental Consideration between Thailand and Vietnam**  
*Kengpol A., Tuamee S., Meethom W. and Tuominen M. – Thailand & Finland*
- 65 **A methodology for the selection of manufacturing processes based on the design of the Manufacturing Matrix**  
*Kongprasert N., Brissaud D. and Butdee S. – Thailand & France*
- 79 **Studies on Regression Analysis of Carbon Fabric Polymer Hybrid Nanocomposite**  
*Lingaraju D. and Suneel D. – India*
