- 10 | The challenges of building a **border wall**, by the numbers
- 16 | **Michael Ashcroft** on another U.K. election—really

The View

Ideas, opinion, innovations

- 17 | A physicist's new book debunks popular myths about **aliens**
- 19 | The real history of **Cinco de Mayo**
- 20 | The truth about how much **salt** is in popular foods
- 21 | **Jon Meacham** on the implications of Trump's selective use of history
- 22 | What smart-home gadgets mean for the future of **privacy**

The Features

▣ The Pandemic Panic

Pandemics are the biggest global security threat that countries aren't ready for. Scientific understanding of infectious disease is better than ever, but policies and health care systems are decades behind
By Bryan Walsh 24

The Future of Korea

Moon Jae-in, the front runner in South Korea's upcoming presidential election, believes in engaging with North Korea
By Charlie Campbell 32

The Circus Leaves Town

A vestige of a time when entertainment was a lot harder to come by, Ringling Bros. and Barnum & Bailey folds its tent after a 146-year run
By David Von Drehle 36

Time Off

What to watch, read, see and do

- 43 | **Groundhog Day** and the rise of Broadway musicals based on movies
- 45 | Reviews: *The Handmaid's Tale* and *Guardians of the Galaxy Vol. 2*
- 48 | Paula Hawkins' latest novel, *Into the Water*
- 51 | Susanna Schrobsdorff: **Privilege** is in the eye of the beholder
- 52 | 9 Questions for *Olive Kitteridge* author **Elizabeth Strout**
